

JOIN US AT THE COLOSSUS PUBLIC EVENT:

“On the island of Ireland, what research is ongoing to help advance treatments for colorectal cancer?”

Tuesday, 30 April 2019 18:30 – 19:30
Royal College of Surgeons in Ireland (RCSI)

Albert Lecture Theatre, 123 St Stephen's Green, Dublin 2

COLOSSUS is an EU Horizon 2020 Research Project working in the area of colorectal cancer. Speakers at the COLOSSUS public event will include:

- **Prof. Annette Byrne**, Head RCSI Precision Cancer Medicine Group & Coordinator of the EU-funded multi-million euro colorectal cancer research programme COLOSSUS – Prof Byrne will welcome attendees, chair the event, and introduce speakers.
- **Prof. Sandra Van Schaeybroeck** from Queen's University Belfast, the Coordinator of the MERCuRIC project will speak on “Current treatment options and clinical research approaches”. Prof Van Schaeybroeck will provide a clinicians' point of view and discuss the personalized medicine approach to treating colorectal, or bowel cancer.
- **Dr Ian Miller**, Royal College of Surgeons in Ireland will present “Tackling colorectal cancer challenges in the lab”. Dr Miller will highlight some of the exciting colorectal cancer laboratory research which is currently ongoing within the RCSI Precision Cancer Medicine Group.
- **Dr Verena Murphy** (Cancer Trials Ireland) will address clinical trials for colorectal cancer and the COLOSSUS translational study in her talk “Colorectal cancer clinical and translational studies run by Cancer Trials Ireland”.

Attendees will have the opportunity to ask questions too!
Refreshments will follow.
